

Гравировка

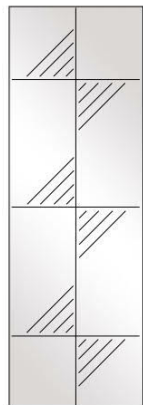

Гравировка на зеркале — фактурный рисунок, получающийся путем обработки полотна зеркала специальной фрезой. На поверхности зеркала создается «вдавленный» рисунок с полированными гранями, в которых чудесным образом преломляется свет. Фрезеровка может быть выполнена на простом зеркале, а также золотом и бронзовом. Зеркало с фрезеровкой также можно использовать в виде вставки в сочетании с другими материалами.

Просто выберите узор — и обычное зеркало превратится в элегантный элемент декора. Преимущество гравировки в том, что она уместна в интерьере практически любого стиля. Сделать гравировку также можно на цветных стеклах и поверх стекла с фотопечатью.
